

MaxiTherm®

30-201

MaxiTherm® 30-201 provides practical thermal protection for work in cold environments with full palm coating. The natural latex coating offers dependable grip on wet or damp surfaces, while the brushed seamless liner helps keep hands warm and comfortable. Its anatomical hand shape and breathable flat-dip finish support ease of movement during general handling tasks in low temperatures.

Thermal Comfort

The brushed seamless liner is soft, comfortable and helps retain warmth in cold conditions, supporting productivity in low-temperature environments.

Grip Performance

The Non Slip Grip surface improves handling in wet applications, enhancing control and reducing the risk of slippage.
